

## ANALYST, ADVISORY

Windsor, Ontario \_\_\_\_\_ January 2024

### Who We Are

Capital Assist (Valuation) Inc. (“CAV”) is a leading, independent business and transaction advisory practice in Windsor, Ontario established to assist clients in a broad range of services, including business valuation, litigation support, transaction advisory (mergers and acquisitions), management consulting and CFO services.

We are the only boutique advisory firm in the region (you don’t need to move to Toronto to get involved in this specialty type of work!). We serve clients all across Canada in a range of size and industries including private companies, publicly traded companies, governments, institutions and their professional advisors.

We are building a thriving organization and aim at creating a lasting legacy in the communities that we serve. We have a diverse team that is energized and supports each other. Team members hold a variety of professional designations, including CPAs, CBVs, CFAs, MBAs, and other qualifications. As a speciality firm, we offer a professional environment, and a great place to learn and advance your career. Everyone at CAV is a part of the team and is actively involved in various aspects of the organization.

Capital Assist has experienced significant growth in recent years through organic expansion of the service lines, and the addition of new team members, culminating in a recent expansion of our office. The high quality of services provided to our clients, driven by our committed team, has allowed us to compete with and outperform the largest recognized accounting and advisory firms. As we continue our growth trajectory, we will continue to develop our team members into future leaders of the firm; come join us!

### The Opportunity

We are seeking one or more motivated and high-performing individuals to join our growing team in the role of Analyst, Advisory.

This position is ideal for individuals who are passionate about finance, accounting, and law and seek a career in valuation and litigation support services, transaction advisory (mergers and acquisitions), and/or CFO services. We offer an exciting change from traditional accounting positions and other rigid and limiting corporate environments.

The Analyst will be reporting to the Senior staff and/or Manager and play an integral role within the team by supporting and managing various aspects of the engagement. The Associate will be responsible to support the advisory practice in the following focus areas:

-  Business valuations;
-  Economic loss and damage quantification;

-  Forensic accounting and litigation support;
-  Mergers, acquisitions, divestitures and other transaction advisory; and,
-  CFO services and management advisory.

CAV offers its staff members the unique opportunity to experience other service lines of the firm to expand their knowledge, including accounting and assurance services, and tax advisory.

## Role, Key Responsibilities, and Day-to-Day Tasks

Within the advisory team, the responsibilities of the Analyst will include the following:

-  Assistance with the preparation of engagement proposals;
-  Record-keeping of the documents received, and tracking of information requests;
-  Perform qualitative and quantitative analysis on the information reviewed;
-  Perform financial analysis and buildout of models, including detailed analysis of historical and projected financial results, cash flow forecasts and budgets;
-  Conduct market research, including but not limited to industry-specific information, macroeconomic data, precedent transactions and public company valuation multiples;
-  Assistance in the preparation of reports for various mandates, including business valuation, quantification of economic damages, and various strategic and financial analysis mandates;
-  Assist with the preparation of quality pitches, marketing materials, management presentations and client presentations;
-  Assist with the daily activities of an acquisition, divestiture, merger or financing assignment (i.e., the due diligence process for buy and sell side engagements);
-  Assist with supporting clients with accounting services including preparation the year end records and internal financial reporting (e.g., budgets and forecasts);
-  Regular communication with the team on the engagement status, and the progression of the deliverables, and attendance and participation in client meetings; and,
-  Preparation of completion documents to “close-out” files in an efficient manner.

## Candidates Credentials

Interested candidates shall possess the following qualifications:

-  Candidates pursuing or recently graduated with a degree in accounting, finance, or related area of study;
-  An interest in pursuing CPA, MBA, CBV and/or CFA designation will be viewed positively. We offer an experience that lends to achieving the CPA designation, with a path that is unique to the traditional accounting positions, as well as pertinent experience for the CBV and CFA designations;
-  Relevant work experience, providing an opportunity to develop attention to detail in a deadline driven environment, research and analytical skills, and having worked well both autonomously and in a team environment would be viewed positively; and,
-  Strong track record of personal growth.

## Ideal Skills and Attributes of the Candidate

Interested candidates should possess the following attributes:

-  Ability to set priorities, manage competing demands, and possesses excellent self-discipline and organizational skills;
-  Ability to understand and interpret financial statements and other accounting data;
-  Strong verbal and written communication and interpersonal skills, conscious of the professional environment;
-  Ability to assist in writing clear and concise reports, communications and other materials, and ability to effectively present information in schedules;
-  Strong analytical skills, research capabilities. An entrepreneurial mindset would be considered an asset;
-  Detail-oriented, highly organized with exceptional documentation and record keeping abilities;
-  Ability to work well both autonomously and collaborate in a team environment;
-  Positive attitude, strong work ethic, open to feedback and have a desire to be a team player in a collaborative and fun team environment;
-  Demonstrates interest, enthusiasm and ambition to professional growth through continuous learning; and,
